ABOUT WORLD HEART BEAT

World Heart Beat is a community where music makes a difference. Founded by Sahana Gero, MBE in 2009 it comprises a music academy, concert hall, recording studios, and café.

As a cultural destination, World Heart Beat at Embassy Gardens bridges cultures and generations through music, celebrating global diversity while providing a platform for great and emerging artists as well as uplifting humanity. We foster musical innovation, global collaboration, and hands-on learning in live sound and audio production, and opening doors for young people in the music industry.

OUR CHARITY

The charity's music academy began with just 70 students being taught in a converted warehouse space at Kimber Road in Southfields, Wandsworth. Bursting at the seams with over 320 students, we are delighted to now have a second music education centre in Embassy Gardens, Nine Elms, Battersea.

World Heart Beat transforms the lives of children and young people, offering an equality of opportunity to all, providing equality of access through the removal of financial barriers to all, and giving a voice to those who are underrepresented. We need your support to ensure opportunities for more young people to access music education, and gain confidence and skills.
